*Let us take you on a journey through
nature & the elements*

Everything in nature is made up of five basic elements:
earth, water, fire, air, and space/ether.

Knowledge of the five elements allows one to understand
the laws of nature and to use them to attain greater
health, power, knowledge, wisdom and happiness.

This arises out of deep intuition of how the universe
operates with nature.

4 PILLARS OF KATEKA WELLNESS

1. Self Care

2. Nutrition

3. Play-Explore-Movement

4. Sleep & Relaxation

The Kateka Wellness Experience seeks to immerse you in all 4
pillars of our wellness ethos, once you have experienced all 4,
you will feel a sense of realignment & balance, especially while
surrounded by nature.

MOVEMENT EXPERIENCE

YOGA

Yoga is a practice that connects the body, breath, and mind. It uses physical postures, breathing exercises, and meditation to improve overall health. Yoga was developed as a spiritual practice thousands of years ago but now in modern times is a fantastic stress management tool. Not sure where to start? we have got you, come for a complimentary class with one of our instructors on the roof top overlooking the african savanna. Alternatively feeling shy, no problem, book a private one on one session ensuite or at our yoga deck and enjoy learning about this wonderful form of movement and exercise

Private Class | 65 min

F 4 5

Created by sport scientists and elite athletes, our unique, team-based workouts include an array of interval stations and feature 36 distinct workout systems. With more than 3,000 exercises in our database, our guests almost will almost never do the same workout twice. Boasting the latest sport equipment such as woodway treadmills and concept 2 spinning bikes. Come have a fun 45 min functional training session while surrounded by the african bush!

Complimentary Class | 45 min

BUSH WALKS

Walking is a type of cardiovascular physical activity, which increases your heart rate. This improves blood flow and can lower blood pressure. It helps to boost energy levels by releasing certain hormones like endorphins and delivering oxygen throughout the body. Add nature into this mix and you create another layer to being outdoors in nature - an instant stress reliver and benefits the mind.

60 min | Complimentary Class | Please schedule with our Guides

MEDITATION & MANDALA

Meditation is a technique used for thousands of years to develop awareness of the present moment. It can involve practices to sharpen focus and attention, connect to the body and breath, develop acceptance of difficult emotions, and even alter consciousness. Disconnecting from modern day technology can be just what the body needs sometimes and beading is just the answer, take a class with one of wellness therapists to enjoy this relaxing art form with a side twist of pray & meditation.

Beading Class | 60 min

SLEEP & RELAXATION

while at Kateka we encourage you to switch off and disconnect! Did you know scrolling on your phone at night sends blue rays to your optic nerve sending further signals to your brain which affect your quality of sleep! Switching of all electronics 1hr before bed can improve your sleep by as much as 80% - Our beloved caffeine is another culprit especially in our fast paced busy lifestyles, limit caffeine to help lower cortisol levels by reducing to 3 cups per day max limit and no more caffeine after 2pm. But what to do for an hour before bed...we have you covered...

BATH MENU
